

Why did we design Behavior-oriented Currency (BoC)?

When Concurrency Matters: Behaviour-Oriented Concurrency

LUKE CHEESEMAN, Imperial College London, UK

MATTHEW J. PARKINSON, Microsoft Azure Research, UK

SYLVAN CLEBSCH, Microsoft Azure Research, UK

MARIOS KOGIAS, Imperial College London, UK Microsoft Research, UK

SOPHIA DROSSOPOULOU, Imperial College London, UK

DAVID CHISNALL, Microsoft, UK

TOBIAS WRIGSTAD, Uppsala University, Sweden

PAUL LIÉTAR, Imperial College London, UK

The state of BoC today

ksarner: 1000
