def main(src: Account, dst: Account) {
```

A

B

```
dst.frozen = true;
```

```
src.balance += 10;
```

What is BoC?

A large, solid blue circle occupies the entire frame. In the center of this circle is a white, stylized capital letter 'A'. The 'A' is composed of three thick, white strokes: two diagonal strokes forming the upper part and a horizontal stroke across the middle. The letter is perfectly centered both horizontally and vertically within the blue circle.

A

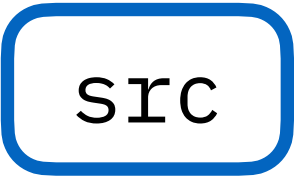

A large blue circle with a white letter 'B' centered inside it.

B

balance: 10

frozen: false

src

hairs: 0

from zero to farise

from zero: **structure**

dst

Behaviors which require different wins can run concurrently

```
dst.frozen = true;
```
