

What is BoC?

src.balance -= 10; dst.balance += 10;

```
def main(src: Account, dst: Account) {
```

```
if(!dst.isZero && !src.isZero && src.balance >= 10) {
```

when(src, dst) {

A large teal circle with a white capital letter 'C' in the center.

C

Behavioral science requires and assesses multiple contexts at once
